

Program Meeting

Another Mystery

Ed Delp is out of state, but indicated earlier that he would not prepare a program for March. Wether he made arrangements for one, or not, is the mystery. Last word from the President: he is still checking.

Those that appeared at the designated place did not constitute a quorum. They discussed various subjects until about 2000, and gave it up. That was the date of the 8-1/2 inch snowfall. The secretary was in Mexico celebrating about 30 years of marriage, so as of yet, he has not had to perform his duties. (I wonder if he had to pay that new \$15.00 tax that they are charging tourists that venture over 50 miles into Mexico?)

PROGRAM MEETING
24FEB99

was not well attended, but was an excellent presentation. W9YE was impressed, not with the video, but with the carts (consoles) that the equipment was installed in. Look for him to build or buy something similar. I understand the main feature he like were the casters on the bottom, so you can roll it out from the wall to gain access to the other side of your station.

It does to prove that the 'advertised' feature of the program is not necessarily all you can gain by attending. K9KRE

EQUIPMENT

FOR SALE

KB9AFC, Jack Connelly, is more into woodworking these days, and has put some of his Ham equipment up for sale, and will use the proceeds to acquire more shop equipment. Also, when he gets back to Amateur Radio, he will have updated his radio equipment.

He did not say how firm prices were, but they seem reasonable, but it never hurts to ask.

We have received the Treasurer's Report for February. Due to space limitations, and the fact that no meeting was held for it to be presented (and approved), will get to it next issue.
